LIGHTS

A - 6X - PAR 64 - General Washes

B - 9X - FRESNEL Scena with barn doors - General wash to the stage. Using barn doors we will try to avoid lighting the audience and the walls.

C - 4X - Litecraft Wash X, 21 Flood - will be used in blue. Directed different directions to try to paint less the center.

Red Dotes on the diagram.

We are trying to light a metal skirt to make reflections of the metal, we have learn that the closer the light the stronger the reflection (like disco ball)

I want to avoid to have anything on the floor but here some options we can use:

Floor pin spots (3 or 4) (I know they are not super strong but they are small and discreet)

Hanging ETC Source4 36° (3x) , and try to focus to different locations where I potentially pass by

Audience will need to be lit while they enter, same intensity as the stage, so preferably use fresnels or PAR 64 to have similar look of the general stage light.

NOTES:

- The aim is that the space is as cleaners possible, no cables or tubes on the stage or along the walls, or close to the audience.

SOUND

d&b E12 Speakers 4x

accoustikline Subwoofer 1x

d&b D20 Amplifier 1x

Soundcraft LX7 II Mixer 1x

accoustik line Satellitenbox

NOTES:

Musician will be playing live.

Location. Last raw behind the audience.

SET UP

On stage will be only the performer with a metal skirt.

We have agreed to use the withe floor (linoleum) for all the performances on the festival.

PERFORMANCE RUN

Duration: 40 min

Doors open at the starting time, dancer will be all ready place on stage.

IMPORTANT SAFETY CONSIDERATION

The performer use metal skirt and sometimes accidental cuts her legs while dancing. We provide our necessary disinfection supplies for her body.

Due to the fact that the piece is perform with full nudity.

We required a deep clean the floor every time at least 45 min before the performance and avoid using shoes ones is clean.

Cleaning must be done with clean mop and soap every time.

As the performance following Seguir use shoes and posible the audience will come to the stage, we strongly suggest to clean the floor right after that performance finish and people leave, additional of the cleaning before the show.
